

Track your practice driving with TrypScore

Welcome to TrypScore! We're excited to have you on board to earn rewards, enter contests, participate in challenges, and more - all while you learn to drive! TrypScore records each drive you take and can help you identify which areas of your driving you can work on improving!

Track your practice hours

TrypScore can be a helpful tool to record the time you put into practice driving! TrypScore records the distance you drove, the time of day, the start/end locations, and gives you a score out of 100 each time you drive! Check out your weekly scores to see which skills you can work on improving as you practise!

Log weekly to not lose any data

TrypScore displays your Tryps one week at a time, so be sure to log all your practice hours for the week before Sunday! Mark which Tryps you were practising by selecting that you were the Driver after each Tryp!
